Education

Vellore Institute of Technology **Sep 2021 – Jul 2025**

Bachelor of Technology in Computer Science & Engineering (CGPA: 7.5/10) *Chennai, India*

- Migrated from ECE to CSE AIR(Spl. Artifical Intelligence and Robotics) based on academic merit

Experience

Angelone Ltd **Dec 2024 – Present**

Equity Dealer / Authorised person *Erode, India*

- Monitored real-time client margins, mark-to-market (MTM) positions, and risk parameters using the **NEST Risk Management System (RMS)** to prevent unauthorized exposures.
- Market Analysis: Analyzed live market depth (Level 2/3 data), order books, and ticker flows on NEST to provide timely execution status and market insights to clients.
- AMFI Registered MF Distributor | ARN-300748 | APMI Registered PMS Distributor | APRN-09608

EpicMinds IT **Oct 2023 – Dec 2023**

Trainee - Research Analyst *Bengaluru, India*

- Supported end-to-end **RFP/RFQ processes for U.S. government clients**, analyzing solicitation requirements, eligibility criteria, scope of work, evaluation criteria, and submission requirements.

Increatech Software **Aug 2023 – Sep 2023**

Software Developer Intern *Coimbatore, India*

- Architected and deployed a **full-stack web-based CRM system** with **MongoDB** as the primary database, backend integration, and production deployment for centralized customer lifecycle and business operations.

Projects - *For more projectsvisit my **GitHub***

Modulation Classification using Domain Generalization | *Final year project - (Submitted to IEEE for publications)*

- Utilized techniques like **Domain-Adversarial Neural Networks (DANN), feature disentanglement, and data augmentation** to improve generalization across unseen domains.
- Evaluated performance on benchmark datasets like RadioML and custom-generated signals using GNU Radio and simulated AWGN/fading channels.

Spread-Based Automated Order Execution Algorithm | *Python, API, Mongodb, AWS*

- Automated order placement using broker APIs, aiming to reduce execution costs by compared with market orders.
- Engineered a **production-oriented electronic trading system** covering the **end-to-end trading lifecycle** from strategy logic to automated order execution, with dynamic order-type handling, **slippage modeling** and **volatility-adjusted execution** startegy

Independent Research Analyst. Not SEBI registered | *Excel, Word, Powerpoint, PowerBI*

- Conducted **independent equity research** using **fundamental analysis**, financial statement analysis, and valuation methodologies to evaluate company performance and investment opportunities
- Applied **DCF**, comparable company analysis, and **financial ratio analysis** to assess intrinsic value, market valuation, and potential investment risks
- Leveraged **AI-powered tools** to extract and analyze financial data from **financial statements (FSA)**, identifying key performance drivers, growth trends, and potential investment opportunities
- Evaluated historical financial performance, profitability, and cash flow trends to assess **future growth potential** and support fundamental equity research

Technical Skills

Programming & Data Analysis: **Python**, SQL, Pandas, NumPy, Excel, Git
Financial Analysis: Financial Statement Analysis, **DCF Valuation**, **Financial Modeling**, **Equity Research**, Ratio Analysis, WACC, NPV, IRR
Quantitative Finance: **Algorithmic Trading**, **Derivatives**, Options Strategies, Backtesting, Statistical Analysis, Risk Management
Technologies & Tools: **AWS**, FastAPI, REST APIs, MongoDB, MySQL, Docker, AI-powered Financial Analysis

Certifications and Awards

NISM-Series-VIII: Equity Derivatives - National Institute of Security Markets, Initiative by SEBI
NISM-Series-V-A: Mutual Fund Distributors - National Institute of Security Markets, Initiative by SEBI
NISM-Series-XXI-A: Portfolio Management Services - National Institute of Security Markets, Initiative by SEBI
NISM-Series-XV: Research Analyst - National Institute of Security Markets, Initiative by SEBI
